

To the FCC:

Please do NOT repeal net neutrality. Regulations need to remain in order for ALL businesses and people to have an equal stance at being noticed on the Internet. By repealing this you are setting up a corrupt system where the 1st Amendment is not upheld unless those people have enough money to get seen on the Internet.

Free speech will immediately be affected in a negative manner. As customers we will be forced to pay more for an inferior product. YOU will be killing small business start-ups, limiting free speech, and contributing to less fortunate people without the means to pay for faster Internet to get the same quality Internet experience.

Please, help the millions of people in the United States of America that do not have a voice, nor the means to afford the looming prices you will be inflicting if you repeal net neutrality. Keep net neutrality as it is.
